Profile

Full Stack Developer with over **6 years of experience** in Developing and Deploying Web Applications. Proficient in Front-End and Back-End technologies including **JavaScript/Typescript, HTML/CSS, React, Next.js, Redux, PHP (Laravel)**.

I have successfully **managed independent projects**, delivering solutions from concept to deployment. Additionally, I have **collaborated with major companies** to develop and implement complex systems.

I **enjoy working with a variety of programming languages** and always ready to take on new challenges to learn more.

Experience
